ERASMUS + KA2 STRATEGIC PARTNERSHIP Meetings Minutes

Project Nr.: 2014-1-PT01-KA202-001059	Project Acronym: TBG
Meeting number: 2	Country: Italy
Period of time: from 03/05/2015 to 07/05/2015	

The second meeting in Italy represented the first occasion for the students involved in the project activities to meet and learn more about the local project "A scuola d'impresa / Business at school" (www.scuolaimpresa.net), promoted and coordinated by the Italian partner, the European Grants International Academy Srls U.

The meeting, which lasted 5 days, included different activities:

- Technical visits to the Italian schools involved in the "A scuola d'impresa" project. The international students had the chance to attend the presentation of some of the projects that were selected in 2014 for the regional and national finals, as well as those that will be submitted in this year's competition, to meet their Italian colleagues and ask questions about the different phases of the business idea's development. (ANNEX I - TBG Technical Visits.pdf)
- Cultural visits in different natural and historical places of the Umbria Region. (ANNEX II - TBG Cultural Visits.pdf)
- A workshop for students on entrepreneurial education, aimed at enhancing the competences of the participants in terms of creativity and critical thinking. "Plan-B" is a workshop that stimulates solutions that can overturn and renovate a preconceived idea, definable as "Master Plan or Business Plan". (ANNEX III - TBG Report B-Plan workshop.pdf)
- A working meeting for project managers and teachers where important agreements for the continuation of the project activities have been taken.

During the meeting, the project website has been presented by the project coordinator, INSIGNARE.

I cannot access the website anymore... please, include here the agreement and tasks for partners about the project website.

The detailed description of the first online module (ANNEX IV - TBG MODULE 1 & NEXT STEPS.pptx) has been validated by all the partners, who will be now responsible for the translation in their national language and the localization of the training contents. In particular school partners will:

- update the students list with details of all those who will be involved in the project activities + the lead teachers and send it to José Carlos for setting up the Moodle platform
- search for one or more inspiring videos on Creativity to be integrated in Resource 2.1
- identify a link to a website with socio-economic information about their local area to be integrated in Topic 3
- start-up the arrangements with the Municipality/Chamber of Commerce for the school visit in September/October
- search for one or more inspiring videos on Real Business idea to be integrated in Resource 5.1
- organize and document a training event where the students who were in Italy present the activities to the other students

While the Italian partner EGIInA will take care of preparing the other three modules, the Portuguese partner will be responsible for the customization of the Moodle platform and will guide the other schools in the translation of the contents by providing a template with all the elements to be translated.

Partners agreed on

The dates for the next two meetings were also confirmed - the third in Croatia (14th to 16th of October); the fourth in Greece (27th to 29th of January 2016).

Moreover, in consideration of the final decision of the Portuguese NA on the impossibility of organizing the Multiplier Event in Cyprus, it was proposed to investigate the chance to organize the event in Turkey or in Italy.

Last, but not least, all the project logos prepared by the students were voted during a common sessions of the meeting activities and logo n.5 finally selected (ANNEX V - TBG Logo's Selection.pdf).

Date: 15/05/2015
